 City of Mandaluyong, Metro Manila

Project Title: Supply, Delivery, Installation, Configuration, Testing and Commissioning of Two (2) Symmetric Internet Connections

BID BULLETIN No. 2

All prospective bidders are hereby informed of the following:

1. Clarifications

Ref	Query	Response
1	Under item 18.1 of the BDS: Can we submit a Bid Securing Declaration as a form of bid security or does it have to be a Bid Securing Declaration and one (1) other form of cash, cashier's check or manager's check?	Yes, Submission of Bid Securing Declaration is considered compliance. Per GPPB Circular 01 – 2014 dated 23 May 2014: "The bid security shall be limited to Bid Securing Declaration OR at least one (1) other form in accordance with the following schedule."
2	What is the payee name if bid security is in cashier's/manager's check?	Credit Information Corporation Per item 1.1 of the BDS, procuring entity is Credit Information Corporation (CIC).
3	For the Authority of the Signatory, Annex I, can we use another format? Attached is a copy for your confirmation and approval.	No. Per item 13.1 of the BDS: "The Bidders are required to use the prescribed form as attached in Section VIII. Bidding Forms"
4	Can we bid for Lot 2 (Primary) Data Center) only? What is the ABC per lot?	No. This bidding is only one lot.
5	In the event of discrepancy between the instructions to bidders, (bid) data sheet and checklist of required documents which will prevail?	Instructions to Bidders and Bid Data Sheet shall prevail.
6	Under Section VII. Technical Specifications, item 1.4 (which) states: "Restriction applicable for the first site (Primary Data Center) ONLY: Non-redundant with CIC's current Globe and Wifi City ISPs". Do you already have an existing internet connection with Globe? Is Globe no longer allowed to bid on this requirement?	Yes, CIC has current connection with Globe and Wifi City ISPs. Globe can propose connection which may be from a third party which is not the same as the CIC's current connection.
7	Under Section VII. Technical Specifications, item 1.8 –	

Ref	Query	Response
	Can we serve the 4MBPS Symmetric Internet connection via Copper? Or can we install copper as an interim while the fiber is being laid?	No. Fiber connection must be available per the required delivery schedule.
8	Under Section VII. Technical Specifications, item 1.9 – Please elaborate what specific information and technical assistance necessary to integrate and configure CIC's IT Infrastructure with the following capabilities: Electronic Google Mail (e-Mail), World Wide Web (www), Secured File Transfer Protcols (FTPs), Voice-Over-Internet Protocol (VoIP)/	Information and assistance in setting up the router and firewall
9	Under Section VII. Technical Specifications, item 3.7 – "SMS and email notification of outages or ISP network issues" – is this an automatic notification or the SPOC can simply notify CIC via SMS or email during Network outages?	Not an automatic notification. CIC must be informed via SMS and email.
10	Does the telco provider need to provide a router? What is the specification?	No
