

# Operations with Significant Impacts on Local Communities

## Kapit-Bisig Laban sa Kahirapan-Comprehensive and Integrated Delivery of Social Services (Kalahi-CIDSS)

- Uses the community-driven development (CDD) approach for achieving service delivery, poverty reduction, and good governance outcomes
- Trains and engages communities together with their local governments (barangay and municipal) to choose, design, and implement development projects to address their most pressing needs, It was then identified as a program to support community-driven post-disaster response and development.

## Environmental and Social Management Framework

- Any community driven development initiative must ensure that the policies on environmental and social safeguards assessment are met and all sub projects are environmentally and socially sound and sustainable
- The ESMF was developed consistent with the requirements of the Government of the Philippines' Environmental and Social Safeguards Policies/Regulations, World Bank's Operational Policy and Asian Development Bank's Safeguards Policy Statement

## Safeguards Processing

### Eligibility Screening

- Proposed subproject concepts against the negative list

### Safeguard Screening

- Subproject is screened using the Environmental and Social Safeguards Checklist

### Preparation of Safeguards Instrument

- Preparation of Environmental and Social Management Plan
